

Curling Rink

Facts about the curling rink!

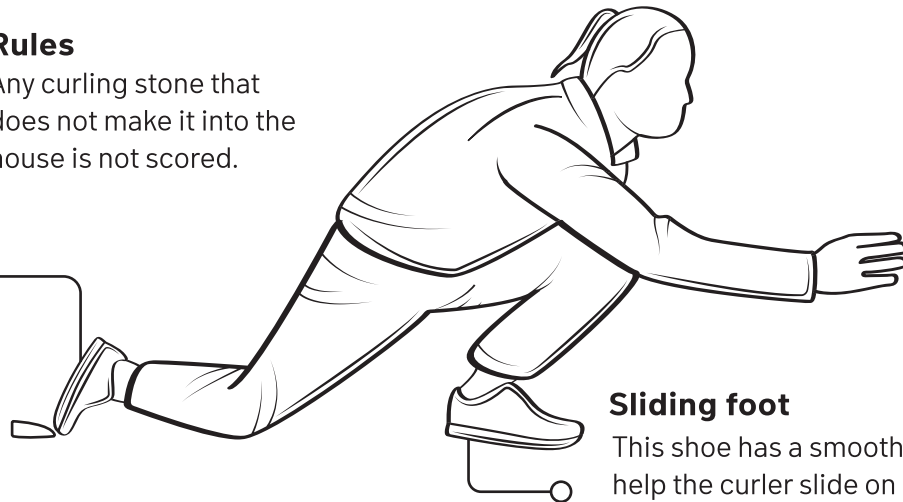

← The curling rink is 150 feet long. →

Rules

Any curling stone that does not make it into the house is not scored.

Gripper

This shoe has a grip sole, to help push the curler from the hack.

Sliding foot

This shoe has a smooth sole, to help the curler slide on the rink.

Teams

Two teams of four compete on one curling rink. Each team throws 8 stones per round. A round is called an "end." After 10 ends the team with the most points wins.
